Last Update: 6/8/2006

Forward

This book is a compilation of entries in the MORI Help System that pertain to Lodge Secretarial functions. As such, there are skips in the numbering of sections where Grand Lodge Secretarial and Fundraising functions have been omitted.

As features are added to MORI, the documentation will first appear in the Help System before it appears in this manual. If you cannot find the answer you desire in this manual, please consult the Help System (found under Help in the MORI Menu.) If the help system fails to address your question, please contact Lodge Services at Grand Lodge for assistance.

A Auxiliary Functions

A.1 Notes

A.1.1 Edit Note

A.1.2 Note History

1 Membership

Navigation

The membership section of MORI can be reached under the "Membership" heading of the menu.

Access

Nearly anyone logged into MORI has some level of access to this section of MORI.

Instructions

The actual Membership screen is just an index of Membership functions

Notes

- Functions on the Membership screen are only listed if they are accessible to the user.

1.1 Find Member

Navigation

The Find Member screen can be reached by going to "Membership > Find Member" in the menu.

Access

This feature is open to anyone logged into MORI (with some restrictions)

Instructions

To find a member, you can look for them by any of the following cumulative options:

- Name (Last, First)
- Lodge
- Grand Lodge Number
- Status
- Excluded statuses

The system will return the first 25 matches and will provide for paging through the remaining matches.

Summary Function

The Summary link next to each match updates the summary data at the bottom of the window.

Edit Function

The Edit function brings you to the member's screen in a mode to edit the member. (Limited to users with Read/Write access to the record)

View Function

The View function brings you to the member's screen in a mode to view the member.

Label Function

The Label function will generate a single label for addressing a communication to the member. (Limited to Grand Lodge users)

Profile Function

The Profile function will generate a report of the member's Masonic history.

Notes

- Users from a specific lodge will have all searches limited to that lodge
- Deceased, Expelled and Suspended members are excluded by default. They will be included if you either uncheck the exclusion or deliberately select the status.
- Any part of the name will be looked for at the beginning of that part in the database (e.g., ME will match "Menard" and not match "Ames")
- Lodge and Grand Lodge numbers can be entered partially. (e.g., Lodge #0001 can be entered as "1" or "0001") (e.g., Grand Lodge number A2345 can be entered as "A2345" or "A 2345")

1.1.1 Edit / View Member

Navigation

The Edit (or View) Member screen can be accessed either by clicking "edit" (or "view") on the Find Member screen, or by following a link to the member from a variety of pages.

Unlock Function

This function is available to Grand Lodge users to make it possible to alter an Inactive record.

Label Function

This function is available to Grand Lodge users and produces a single label for an attached printer

Profile Function

This function produces a ready-to-print PDF of a member's profile.

Edit Affiliations Function

This function is detailed on the edit affiliations page.

Edit Events Function

This function is detailed on the edit events page.

Add Event Function

To add an event to a member, select the event from the list on the events tab and enter the date of the event. Clicking Add or Save at that point will commit the event to the database and adjust the member appropriately.

Find Function

Clicking a "find" link next to a GL Number field will launch a "Finder" window that works exactly like the find member screen. Clicking "select" on the finder screen will populate the related field with the desired GL Number.

Notes Function

This function is detailed on the notes page.

Add Office Function

This function is detailed on the add office page.

Edit Office Function

This function is detailed on the edit office page.

Notes

- Grand Lodge numbers can be entered partially. (e.g., Grand Lodge number A2345 can be entered as "A2345" or "A 2345")

1.1.1.1 Edit Affiliations

Navigation

The Edit Affiliations screen can be accessed from the "lodge affiliation" tab of the Edit Member screen.

Access

This feature is open to anyone logged into MORI in any of the following roles: grandLodgeReadWrite, lodgeSecretary, lodgeAssistantSecretary.

Instructions

To edit a member's affiliations, make your desired changes and click edit.

Field Descriptions:

- Delete - yes or no, if allowed
- Description - a description of the affiliation (e.g., "Primary Lodge").
- Date - the date the member joined the lodge in MM/DD/YYYY format
- AR Year - the Annual Return on which this affiliation should appear
- Lodge (Chartered-Merged) - the lodge the person affiliated with. The entries list the name/number of the lodge, the date it was chartered and the date it merged. Lodges that are ancestors of lodges the member has an affiliation with are also listed.
- Type - one of the following
 - Primary - the lodge the member first joined in this jurisdiction or a descendant of that lodge
 - Secondary - another lodge to which the member belong(s/ed)
 - Merged - This is a lodge the member belonged to before it merged
- Honorary - indicates that this is an honorary affiliation
- Date Rec'd - the date the affiliation was recorded
- Force AR - yes or no, force the AR year on the affiliation to the date of the affiliation
- From Lodge (#,Name,Location,Jurisdiction - The number, name, location, and jurisdiction of the lodge from which the member affiliated.

Notes

- Typical Descriptions include:
 - Primary Lodge - the member's primary affiliation
 - Merger of A, B - the affiliation was produced by the merger of lodges A and B
 - Du/Pl affil from A - secondary affiliation from lodge A
- If the lodge for an affiliation is set to an ancestor lodge (i.e., one that has merged), additional affiliations with all descendants will be created when the form is submitted
- All secondary affiliations should have a "From Lodge" although the system does not require it
- Forcing the AR year for an affiliation can cause a variance on the current annual return

1.1.1.2 Edit Events

Navigation

The Edit Events screen can be accessed from the "events" tab of the Edit Member screen.

Access

This feature is open to anyone logged into MORI in any of the following roles: grandLodgeReadWrite, lodgeSecretary, lodgeAssistantSecretary.

Instructions

To edit a member's events, make your desired changes and click edit.

Field Descriptions:

- Event Description - the last generated description for this event
- Date - the date the event occurred
- Lodge (Chartered-Merged) - the lodge the person affiliated with. The entries list the name/number of the lodge, the date it was chartered and the date it merged. Lodges that are ancestors of lodges the member has an affiliation with are also listed.
- Delete - yes or no, if allowed
- AR Year - the Annual Return on which this event should appear
- Force AR - yes or no, force the AR year on the event to the date of the event

Notes

- Deleting events will not alter a member's status
- Deleting degree events for a member will revert the member through the degrees
- Forcing the AR year for an event can cause a variance on the current annual return
- Affiliations, in MORI, are not events so they do not appear on this screen. Consult the Edit Affiliations screen for more information

1.1.1.3 Add Office

Navigation

The Add Office Held screen can be accessed from the "offices held" tab of the Edit Member screen.

Access

This feature is open to anyone logged into MORI in any of the following roles: grandLodgeReadWrite, lodgeSecretary, lodgeAssistantSecretary.

1.5 Lodge Roster

Navigation

The Lodge Roster report can be accessed by selecting "Membership > Roster" from the menu.

Access

This feature is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary.

Instructions

Selecting this menu item produces the roster report.

Notes

- * The produced roster is up to the minute and contains the people who've gone inactive in the last year.

1.6 Pending Foreign Affiliations

Navigation

The Pending Foreign Affiliations screen can be accessed by selecting "Membership > Pending Foreign Affiliations" from the menu.

Access

This feature is open to anyone logged into MORI in any of the following roles: grandLodgeReadOnly, grandLodgeReadWrite, lodgeSecretary, lodgeAssistantSecretary.

Instructions

This screen is used to manage the queue of pending affiliations. The queue is broken down into five sections: New, Pending, Approved, Elected and Denied. These are each detailed separately after the list of fields they have in common:

Field Descriptions:

- Name - the name of the potential new affiliate
- Lodge - the lodge with which they are affiliating
- Date / Date Elected - the date they are affiliating
- User - The user that added the pending affiliation
- Status As Of - The date the pending affiliation was added to this part of the queue.

 - New - pending affiliations that have not been acted upon:
 - pending - moves the member to pending list
 - profile - generates a PDF of the pending affiliation profile
 - notes - access the Notes about this affiliation
 - edit - link to the Edit Pending Affiliation screen
 - Pending - pending affiliations that are being pursued with other jurisdictions:
 - profile - generates a PDF of the pending affiliation profile
 - notes - access the Notes about this affiliation
 - edit - link to the Edit Pending Affiliation screen
 - Approved - pending affiliations that have been approved:
 - profile - generates a PDF of the pending affiliation profile
 - notes - access the Notes about this affiliation
 - delete - remove the affiliation from the list. Can only be done by the lodge.
 - Elected – the lodge has elected the person to be a member
 - profile - generates a PDF of the pending affiliation profile
 - notes - access the Notes about this affiliation
 - delete - remove the affiliation from the list. Can only be done by grand lodge.

- Denied - pending affiliations that have been denied:
 - notes - access the Notes about this affiliation
 - delete - remove the affiliation from the list. Can only be done by the lodge.
 - reason - the reason for the denial is displayed under the affiliation

Editing Pending Affiliations

Editing pending affiliations is nearly identical to the Add Foreign Affiliation screen. The following changes are the only differences:

- "confirm" marks the pending affiliation approved
- "deny" marks the pending affiliation denied
- Reason allows for the documenting of a reason for the denial

Elect Function

Allows the lodge to enter the date the member was elected to join the lodge. The date must be on or after the day that the pending affiliation was approved.

Notes

- None

5 Financial

Navigation

The Financial section of MORI can be reached under the "Financial" heading of the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary.

Instructions

The actual Financial screen is just an index of the Financial functions.

Notes

- Functions on the Financial screen are only listed if they are accessible to the user.

5.1 Setup Dues

Navigation

The Setup Dues screen can be accessed by selecting "Financial > Setup Dues" from the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary

Instructions

If you are ready to setup dues, the screen will display the form to do so. When you're done filling out the form, click 'setup'.

Field Descriptions:

- Year - the year for which the dues will be collected. This will accept either the current year or next year only.

Notes

- This screen depends on the Lodge having defined Member Types and that all active members have member types.
- When this function is used, it creates dues for the specified year using the current rates specified for the Member Types.
- If the same year is entered twice, a dues liability will be created for members who have already paid their dues for that year.
- When this process runs, all outstanding dues for years before the year entered will be rolled to arrears.

5.2 Edit Arrears / Dues

Navigation

The Edit Arrears and Dues screen can be accessed by selecting "Financial > Edit Arrears / Dues" from the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary

Instructions

To use this screen, begin by selecting a member of the lodge from the list at the top of the screen. Members are broken down into "active", "inactive" and "non-master-mason" and listed alphabetically in that order.

Once a member is selected, you can edit their arrears and dues by year. There will always be one extra blank row of each kind to facilitate adding values. To remove an entry, erase its values. Click 'update' when you are done.

Field Descriptions:

- Member - the member in question

- Arrears - the member's arrears:
- Amount - the amount they owe
- Year - the year for which the arrears are owed
- Dues - the member's dues:
 - Amount - the amount they owe
 - Year - the year for which the dues are owed

Notes

- A negative amount for dues gives a credit toward the next payment.
- The arrears and dues displayed on this screen are the amounts the member currently owes.

5.3 Initialize Dues

Navigation

The Initiaize Dues screen can be accessed by selecting "Financial > Initialize Dues" from the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary.

Instructions

This screen allows you to set the member types and the total arrears and dues for all the members of your lodge. This screen is most handy when migrating to MORI from another application as it puts most of your dues management data entry into one place.

Field Descriptions:

- Active Members - these are members presently in good standing:
 - Member - the member in question
 - Member Type - the type of member the member is in the lodge (e.g., regular)
 - Total Arrears - the member's total outstanding arrears
 - Total Dues - the member's total outstanding dues
- Inactive Members - these are members not in good standing:
 - Member - the member in question
 - Member Type - the type of member the member is in the lodge (e.g., regular)
 - Total Arrears - the member's total outstanding arrears
 - Total Dues - the member's total outstanding dues

Notes

- Dues entered on this screen will be dated for the current year.
- Arrears entered on this screen will be dated for the previous year.
- In relation to the Setup Dues screen, you only need to set the member type for the active members to proceed.
- Once a value is set on this screen, it cannot be changed. Member Types can be set on the Edit Member screen. Dues and Arrears can be set on the Edit Arrears and Dues screen

5.4 List Paid / Unpaid

Navigation

The List Paid and Unpaid screen can be accessed by selecting "Financial > List Paid / Unpaid" from the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary.

Instructions

This screen collects reporting options for detailing the Dues and Arrears payments for a lodge's members.

Payments Made

This lists the payments made by users. It will list all the payments or just those made since a specified year (inclusive). This will produce a PDF report.

Dues and Arrears Owed

This builds a combined list of all the Dues and Arrears payments owed by either active members or all members. This will produce a PDF report.

Dues Owed

This builds a combined list of all the Dues payments owed by either active members or all members. This will produce a PDF report.

Arrears Owed

This builds a combined list of all the Arrears payments owed by either active members or all members. This will produce a PDF report.

Notes

- None

5.5 Member Payments

Navigation

The Member Payments screen can be accessed by selecting "Financial > Member Payments" from the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary.

Instructions

To use this screen, begin by selecting a member of the lodge from the list at the top of the screen. Members are broken down into "active", "inactive" and "non-master-mason" and listed alphabetically in that order.

Once a member is selected, you can enter new payments for the member, view their outstanding dues and view their payment history. When you are done entering new payments, clicking "calculate" will show how a dues payment will affect their outstanding dues. Clicking 'post' will commit the payments to the database.

Field Descriptions:

- Enter New Payments:
 - Member Name - the name of the member

- Total Outstanding - the member's total owed dues and arrears
- Arrears - the amount, by year, that the member owes
- Dues - the amount, by year, that the member owes
- Payments - the five rows are for entering payments with the following attributes:
 - Date - the date the payment was made
 - Amount - the amount of the payment in #####.## format (i.e., no dollar signs or commas).
 - Type - the type of payment (e.g., cash)
 - Category - the income category to which the payment should be attributed. Only 'DUES' category payments will be applied to outstanding arrears and dues
 - Comment - any notes about the payment (e.g., check number)
- Payment History:
 - Payments - the payments this member has made -- in reverse date order
 - Date - the date of the payment
 - Amount - the amount of the payment
 - Type - the type of payment
 - Category - what income category (this will show the year as well for dues payments)
 - Comment - any comments associated with the payment

Notes

- Once entered, payments are immutable.
- To correct a mis-entered payment, simply enter the same payment again, but with the amount being negative. Explain that that is a VOID TRANSACTION in the comments.
- Reversing an invalid payment will not restore an unpaid arrears amount. If you are cancelling a dues payment, you may need to proceed to the Edit Arrears and Dues screen to restore the outstanding balance to the right years.

5.6 Non-Member Payments

Navigation

The Non-Member Payments screen can be accessed by selecting "Financial > Non-Member Payments" from the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary.

Instructions

This screen is used to enter payments to the lodge when the payer is not a member. Each row in the table represents either a whole payment or part of a payment of the payment must be allocated to multiple categories.

Field Descriptions:

- Date - the date the payment was made
- Amount - the amount of the payment in #####.## format (i.e., no dollar signs or commas).
- Type - the type of payment (e.g., cash)
- Category - the income category to which the payment should be attributed.
- Comment - any notes about the payment (e.g., check number). This should include the name of the Payer.

Notes

- Non-Member payments appear in the Budget , the Cash Book, and the Cash To Treasurer Reports.

5.7 Budget

Navigation

The Enter Budgets screen can be accessed by selecting "Financial > Budget" from the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary.

Instructions

The budget is broken down into three sections: Income Categories, Budget Categories and Budget Items. For each section, there will always be an extra blank row for entering the next item. When you are done editing your budget, click 'update'.

It is important to note that Budgets are tracked in arbitrary "Periods." The first period begins when a lodge starts using MORI. A period ends whenever the lodge closes the current budget period by clicking on the "close budget period" button on this screen (detailed below).

Income Categories

Income categories categorize all money received by the lodge. The system will always generate a "DUES" income category -- this category should be used to track dues payments.

Field Descriptions:

- Description - the name of the category
- Amount - the amount of income expected in #####.## format (i.e., no dollar signs or commas).
- Delete - if there is no income allocated to this category, the category can be deleted.

Budget Categories

Budget Categories allow for the aggregation of Budget Items. For example, a budget category of 'Building Expenses' may have Budget Items like 'Heat'.

Field Descriptions:

- Description - the name of the category
- Delete - if there are no budget items associated with this category, it can be deleted.

Budget Items

Budget Items, in conjunction with Vouchers track all money spent by the lodge.

Field Descriptions:

- Description - the name of the item
- Category - the Budget Category to which this item belongs
- Amount - the amount of income expected in #####.## format (i.e., no dollar signs or commas).
- Delete - If there are no expenses allocated to this Item, it can be deleted

Budget Report

Clicking 'print' on the Enter Budgets screen will allow you to print a report of the budget for any given period.

Close Budget Period

Clicking 'close budget period' on the Enter Budgets screen will close the budget for the current financial period and will create a new budget that is a duplicate of the one just closed as a starting point.

Notes

- If the "DUES" Income Category is not used to track dues payments, the payments will not automatically lower the dues and arrears owed.

5.8 Vouchers

Navigation

The Vouchers screen can be accessed by selecting "Financial > Vouchers" from the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary.

Instructions

By default, this screen lists the vouchers for the current period. (For an explanation of periods, see Enter Budgets). To list vouchers for a different period, select the period and click 'find'. The list can be resorted by clicking on the headings at the top of the list.

Field Descriptions:

- Number - the number of the voucher
- Date - the date of the voucher
- Check - the number of the check used for the expense
- Payee - to whom the voucher is written
- Amount - the total amount of the voucher
- Options:
 - edit - edit the voucher on the Edit Voucher screen

Add Voucher

To add a voucher, click the 'add' button. Functionality on the add voucher screen is identical to the Edit Voucher screen.

Voucher Reports

Access the Voucher Reports screen by clicking "reports". On that screen you can generate a list of vouchers by date and/or payee. The resulting report will be in PDF format.

Notes

- none

5.8.1 Edit Voucher

Navigation

The Edit Voucher screen can be accessed by clicking "edit" next to a voucher on the Vouchers screen.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary.

Instructions

Use this screen to edit vouchers. Click "save" when you are done, or click "add another" to create a new voucher. Any changes made to a voucher will appear immediately in the preview pane but will not be saved until the save button is clicked.

Field Descriptions:

- Voucher Number - the number of the voucher
- Voucher Date - the date of the voucher
- Check Number - the number of the check
- Pay To The Order Of - the payee for the check
- Amount - the amount in ####.## format (i.e., no dollar signs or commas)
- Purpose - the purpose of the expense (to appear on the printed voucher)
- Void - if the voucher is invalid, that can be indicated here
- Budget Allocation - if your lodge has established budget items on the Enter Budgets screen, you can allocate the expense here:
 - Budget Item - The Budget Category/Budget Item to which the expense should be allocated
 - Amount - the amount for this allocation in ####.## format (i.e., no dollar signs or commas)

Print Voucher

You can print a voucher by clicking "print" under the preview pane. Before the voucher prints, MORI will first attempt to save the changes. If the changes are not valid, the voucher will not print

Notes

- If the voucher is not void and your lodge has a budget, the allocation must be completed.
- Three lines are initially provided for the allocation of expenses to budget items. More will appear as needed
- The total of allocations must match the amount of the voucher.
- Voiding a voucher will remove any budget allocations

5.9 Cash Book

Navigation

The Secretary's Cash Book screen can be accessed by selecting "Financial > Cash Book" from the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary.

Instructions

This screen allows for the printing of a Secretary's Cash Book report. Simply fill in the desired parameters and click 'print'.

Field Descriptions:

- From Date - in MM/DD/YYYY format, the inclusive date to start the report
- To Date - in MM/DD/YYYY format, the inclusive date to end the report
- Sort Order - order to sort the report:
 - date/category - date first then income category
 - category/date - income category first then date
- Exclude Non-Member Payments - useful to see only payments from members

Notes

- Either the from or to date must be present

5.10 Cash To Treasurer

Navigation

The Cash Paid To Treasurer screen can be accessed by selecting "Financial > Cash Paid To Treasurer" from the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary.

Instructions

This screen serves two purposes: the collection of payments received by the lodge into a dated grouping and the reporting of those dated groupings.

To group together payments received but not given to the treasurer into a report, click 'tabulate'. Once you click 'tabulate' a Receipt Summary appears totalling the amount by income category. Click 'confirm' to date the receipts as given to the treasurer.

To view a Receipt Summary of cash given to the treasurer, select the date the cash was given and click 'find'. Once the summary is displayed, you can elect to print either a Treasurer's Report or a segment of the Secretary's Cash Book containing the receipts that went into this dated grouping.

Notes

- The 'tabulate' button is only the first step in grouping payments. To actually group the payments, you must click 'confirm'.

5.11 Calculate Checkbook

Navigation

The Calculate Checkbook Balance screen can be accessed by selecting "Financial > Calculate Checkbook" from the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary.

Instructions

This screen generates a PDF resembling a checkbook register that starts with the starting date and balance entered in the form. It then, in date order, subtracts vouchers and adds all cash given from the secretary to the treasurer. To get the PDF complete the form and click 'calculate'.

Field Descriptions:

- Beginning Date - the date to begin the register at in MM/DD/YYYY format
- Beginning Balance - the amount to begin the register at in ####.## format (i.e., no dollar signs or commas)

Notes

- Any payments collected by the secretary and not given to the treasurer (through the Cash To Treasurer screen) will not show up in the register.

6 Mail Room

Navigation

The Mail Room section of MORI can be reached under the "Mail Room" heading of the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: grandLodgeReadWrite, grandLodgeReadOnly, lodgeSecretary, lodgeAssistantSecretary.

Instructions

The actual Mail Room screen is just an index of the Mail Room functions.

Notes

- Functions on the Mail Room screen are only listed if they are accessible to the user.

6.6 Reports / Labels

Navigation

The Member Reports and Labels screen can be accessed by selecting "Mail Room > Reports/Labels" from the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary.

Instructions

This screen is used to produce labels and member reports. The production of these is done in two stages.

In the first stage, you use the various criteria available to build a "buffer" of members. The buffer will persist until it is cleared or until you have to login again. To clear the buffer, click the 'clear buffer' button.

The second stage involves the actual production of the reports and/or labels. This is done by either selecting the report from the reports section of the label/file format from the labels section.

Field Descriptions:

- **Buffer Building** - fields for building the buffer:
 - Members by Status - add members to the buffer by their status
 - Members by Birth Month - add members to the buffer by the month they were born
 - Members by Raised Date - add members by the date they were raised From and To inclusively in MM/DD/YYYY format
 - Members by Raised Month - add members by the month they were raised
 - Members by Mailing List - add members by the mailing lists to which they belong
 - Single Members - add members individually. This is broken down by active members, inactive members, and non-master mason members
- **Reports:**
 - Select Report - the report you would like (see below)
- **Labels:**
 - Select Labels - the label/file format (see below)
 - Sort By - the order by which the labels will be sorted
 - name - sort in last, first order
 - zip - sort in zip/postal code order

Contact List Report

This screen can produce a Contact List in PDF format for the members in the buffer. Select "contact list" from the list of reports and click 'print'.

Years Of Service Report

This screen can produce a Years of Service report in PDF format for the members in the buffer. Select "years of service" from the list of reports and click 'print'.

Age/Birth Date Report

This screen can produce a Age/Birth Date report in PDF format for the members in the buffer. Select "age/birth date" from the list of reports and click 'print'.

Avery 5160/8160 Labels

This screen can produce 3 columns of 10 labels formatted for the Avery 5160 labels. Select "Labels Avery 5160..." from the list of labels and click 'print'.

Avery 5161/8161 Labels

This screen can produce 2 columns of 10 labels formatted for the Avery 5161 labels. Select "Labels Avery 5161..." from the list of labels and click 'print'.

Number 10 Envelopes

This screen can produce label output to go onto Number 10 envelopes. Select "Envelopes No. 10" from the list of labels and click 'print'.

Excel (DBF) File

This screen can produce an Excel file in DBF format of the buffer. Select "Excel (DBF) File..." from the list of labels and click 'print'. The file will not be sorted.

Notes

- For most selection criteria, more than one thing can be selected at a time. For example, When doing member statuses, you can select active members and guests and add them both to the buffer with one click of 'add to buffer'
- The buffer automatically de-duplicates the members added to it. For example, if you added active members and the members of a mailing list into the buffer, anyone matching both criteria will only appear in the buffer once.

6.7 Mailing Lists

Navigation

The Edit Mailing Lists screen can be accessed by selecting "Mail Room > Mailing Lists" from the menu.

Access

This section is open to anyone logged into MORI in any of the following roles: lodgeSecretary, lodgeAssistantSecretary.

Instructions

Navigation

The language menu option allows you to select the language you wish to see MORI in.

Access

Anyone has access to the language feature at any time

Instructions

To switch languages, simply select the desired language from the language pull-down menu

Notes

- The default language is English. It will be displayed when any text element is missing its other language alternative.

11 Account

Navigation

The account section of MORI can be reached under the "Account" heading of the menu.

Access

The account section of the menu is accessible to everyone.

Instructions

The actual Account screen is just an index of functions.

Notes

- When a user possesses more than one role, their roles will be listed in the Account Menu and selecting a role from the menu will change the user's active role.
- It is not necessary to switch between roles unless they are mutually exclusive (e.g., a Secretary of two lodges must switch roles to access the other lodge)
- The user's active role will be highlighted in bold

11.1 Login

Navigation

Whenever you first visit MORI, you'll be presented with the login screen. If you navigate away from it, you can return by going to "Account > Login" in the pull-down navigation.

Access

Any user who is not logged-in can access the login screen.

Instructions

Enter your username (login) and password and click 'submit' to login to MORI. If your login also required a key, you'll need to Insert Your Key before logging in. The key will be retained in your browser to facilitate faster future access.

Notes

- You should not access MORI from a public terminal
- If your browser stores your login information, set a master password
- Three failed login attempts will lock an account

11.2 Logout

Navigation

The logout function can be reached by going to "Account > Logout" while logged into the MORI system.

Access

Any user who is logged-in can access the logout function.

Instructions

The logout function is completely automatic and works simply by selecting it from the navigation.

Notes

- Anything kept in your session (e.g., labels to print) will be lost.

11.3 Update Account

Navigation

The Update Account screen, for your own account, can be reached by going to "Account > Update Account" while logged into the MORI system.

Admin and LodgeAdmin users may reach the Update Account screen for other users through the Manage Accounts screen.

Access

Any user who is logged-in can access the Update Account screen for their own account.

Admin users can access the Update Account screen for any user.

LodgeAdmin users can access the Update Account screen for any Lodge user.

Instructions

Instructions for this screen vary depending on both the user being updated and the role of the updater:

1. Self-Update

A user updating their own account can update their full name, first name, and the password they use to access the system.

2. Grand Lodge User by Admin

An Admin user can update the full name, first name, password, and allowed Grand Lodge roles of any Grand Lodge user.

3. Lodge User by Admin/LodgeAdmin

Any Admin user can update the full name and first name of a Lodge User and can reset their account (allowing the user to re-create it.)

Notes

- Under no circumstances is a members current password revealed on this screen or any other.
- All Grand Lodge users must have a role
- Lodge users roles are determined based upon Lodge records in MORI and are recalibrated with each login.

11.5 Create Account

Navigation

The Create Account screen can be reached by going to "Account > Create Account" when not logged-in to the MORI system.

Access

Any user who is not logged-in can access the Create Account.

Instructions

The Create Account function is for Lodge users to create an account to access the system.

On the first screen, the user will be prompted to provide their Grand Lodge #, the number of any Lodge to which they belong, and their date of Birth. If a corresponding member record is found for which an account does not already exist, they will proceed to the next screen.

On the next screen, the user will be prompted to enter their choice of password. Once the password is entered, the account will be created.

For a lodge user, creating an account is only the first step to access. To access the system, a Lodge user will also need a key. That key will be mailed from Grand Lodge once the account has been created.

Notes

- Birth Date should be expressed in mm/dd/yyyy format.
- Passwords must consist of a minimum of 8 characters made up of letters and atleast one number.

11.7 Insert Key

Navigation

The Insert Key screen can be reached by going to "Account > Insert Key" when not logged-in to the MORI system.

Access

Access to the Insert Key screen is open to anyone not logged-in to the system

Instructions

The purpose of the Insert Key screen is to set a Lodge user's key in their browser.

To set your key, enter the key provided by Grand Lodge into the form and click "insert".

Notes

- To test that your browser is retaining the key, simply press 'test' on this screen.
- If more than one person uses the same computer to access MORI, you'll need to change keys using this screen as well.
